VINYL INDIA-2019

9th

International PVC & Chlor-Alkali Summit

About the Summit

We are indeed happy to announce the 9th Vinyl India International PVC & Chlor-Alkali Summit, which will be held on the 15-16 April, 2019 in Mumbai.

The 8th edition which was held on 12-13 April, 2018 in Mumbai, had participation of 332 companies from over 26 countries, with a total attendee count of 770.

Your patronage and continued interest in this key summit over the last 8 editions has set the benchmark for the industry in terms of the size and scale of the summit. Eminent speakers and experts from across a wide industry spectrum have shared their perspectives and made this summit as 'The leading summit for the global Vinyl industry'.

India's PVC consumption has crossed over 3 Million tonnes with imports exceeding 1.6 Million tonnes. The industry is witnessing double digit growth across all verticals namely; Agriculture, Infrastructure, and pipes profiles calendaring both rigid and flexible, wires and cables.

The two-day summit attracts an international target audience including the decision makers and the owners under one roof. The participants include main raw material producers of PVC, Downstream Processors, Machinery Suppliers, Technology Licensors, Additives, and Plasticisers & Stabilisers suppliers, Channel Partners, Traders & Indenters, Consultants, Institutions and Industry Associations from across the world.

ElitePlus⁺⁺ & CPMA Profile

ElitePlus⁺⁺ Business Services is India's leading knowledge base covering energy (including oil and gas, coal and renewables), chemicals, petchem, polymers and downstream processing industries, providing knowledge summits across these verticals.

We establish and build partnerships between all the leading associations and academic bodies in tandem with industry leaders from the private as well as the public sectors. We do this by providing exclusive knowledge-sharing platforms and valuable networking opportunities to develop new and existing business partnerships across the globe.

Thus far, we have held over 65 events of global scale and standards. In addition, we also conceptualize and conduct speciality events and summits, CEO round tables, panel discussions, exhibitions including the organisation and management of large international industry congregations.

CPMA is the apex forum representing the Indian Petrochemical Industry. Established in 1993, the Association offers its members a podium to collectively present their ideas, voice concern and offer suggestions on relevant issues. It provides a link age between the industry, the Government and the society. It interacts with the policy making authorities and industry associations to develop and maintain harmonious and conducive business conditions.
